

Community Building Donated

A new \$20,000 community building has been turned over to residents of Kenneth City "free and clear" by the city's developer Sidney Colen.

The announcement by Colen, came Sunday at formal dedication ceremonies.

Colen said donations by many sub-contractors made the gift possible. The building is to be used for civic and social functions. It is on a 3.47 acre site, donated by Colen.

The builder stipulated there is to be no charge for use of the building by residents but that it can be rented to groups when not in use by Kenneth City residents and for periods not to exceed 24 hours.

Kenneth City Mayor Harold A. Mellinger, who outlined tentative plans for shuffleboard courts, barbecue pits and other additions to the center, introduced Colen. The mayor also said that long-range plans for the site call for another building to be erected.
